Living it Out

1. Has your suffering led you to focus your hope on the Lord, or to buckle down on earthly hopes and goals? How can you redirect your suffering to hoping in God?
2. What kind of “Gentile behaviors” occur around you, and how do you respond to them? What kind of popular behaviors should you avoid, whatever the consequences?
3. How does Christ’s soon return affect your attitude towards sinful behaviors and loving others?
4. What spiritual gift(s) do you possess? How can you use them for the body? How can you use them in a way that God is glorified through Christ?
