

THE KINGS OF SUMMER

David

June 10, 2018

Darren Larson

Sermon Questions

1. What were some key events in David's life and what lessons did David learn about God during these years? What happened in chapter 18 that set in motion David learning the greatest lessons in his life about God's plan and His timing?
2. Talk about a time when you had to wait on the Lord's timing. What emotions did you experience and how did you trust the Lord during that time?
3. We learn that David teaches us about the difference between "the outward appearance" and "the heart" in chapter 16. How do we become people who are more concerned with our inner being than our appearance or our reputation, especially in difficult times?
4. On Sunday we learned that God is patient in His work in you, and many times we actually need difficult experiences to allow God to do His best work. How can you be faithful in these difficult times and listen and learn to what God is speaking to you?
5. **Read out loud Psalm 57.** In this Psalm, we learn many things about how to handle adverse times in our lives. What does David's song teach us and how can these lessons apply to our lives today?
6. Pray for each other — especially for those who are dealing with difficult times and are learning from the Lord in their own "cave" experiences.
